

Protecting Children's Privacy Online

First Peoples Community Federal Credit Union does not knowingly collect, nor is our web site designed or directed to use personal information from children under the age of 13 without containing verifiable consent from their parents. We do offer Googolplex – The Credit Union Guide for Student Money-makers* on our web site where children can access site games, information and access to other sites that are age-appropriate. Should a child choose to submit information or questions to us, we would only use that information to respond directly to that child, seek parental consent or provide parental notice. No information would be stored.

*Googolplex is owned and operated by Credit Union National Association, Inc. (CUNA). CUNA intends Googolplex to provide the young members of subscribing credit unions with useful and entertaining information.

Because the privacy of young readers and other visitors to this online magazine is of the utmost importance, CUNA has adopted a privacy policy that is available on their website which conforms to the Children's Online Privacy Protection Act of 1998.
